- PMI Certified Associate Project Management (CAPM®)
- AWS Certified Cloud Practitioner (In-Progress)

## Employment History

### Stone Mason

2020–2022

*d/b/a Randy C Tarasevich | Norwich, CT*

- Planned, executed, and delivered custom masonry projects with budgets up to \$75,000.
- Analyzed project constraints, evaluated trade-offs & their impact on project outcomes, & recommended alternative solutions to clients.

### Assistant Table Games Supervisor

2018–2020

*MGM Springfield | Springfield, MA*

- Mentored 40+ team members with diverse cultural backgrounds, learning styles, & communication skills in table games operations.
- Communicated effectively across a wide range of audiences including executives, functional-area managers, and co-workers.

### Computer Operator I

2016–2017

*IGT | West Greenwich, RI*

- Monitored & troubleshot host systems, production lottery servers (physical & virtual), middleware, applications, & various network technologies for 26 national & international lottery jurisdictions.
- Created and updated SOPs for the organization's 24x7x365 regional datacenter operations.
- Assisted in the decommissioning of 100+ physical servers as well as transitioning them to VMWare virtual machines.
- Worked with a geographically dispersed, cross-functional team to integrate primary and back-up datacenter operations for the North American region.
